TO BENEFIT

Journey Forward is a 501(c)3 non-profit organization dedicated to bettering the lives of those who have suffered a Spinal Cord Injury through an intense exercise program. Exercise is important to everyone and even more so to those who have suffered a Spinal Cord Injury. When an individual suffers a spinal cord injury and are required to sit in a wheelchair all day, they are no longer able to obtain the benefits that come from the average activities of daily living. Journey Forward is an exercise based program designed to assist those with Spinal Cord Injuries so they too can achieve some of these most basic lifelong functions and benefits.
